

Seyfarth Girl Up

Since 2017, the Seyfarth Women's Network (SWN) has partnered with the Pro Bono & Philanthropy Department to coordinate the Firm's participation in a Global 5K, which is a fundraising event benefiting Girl Up. Girl Up is a program of the United Nations Foundation that raises awareness about and advocates for the health, safety, education and leadership of girls in developing countries. For the past three years, Seyfarthians from around the world have walked or ran 5 kilometers (3.1 miles) on the same day to support the cause. In total, including this Diamond Donation, Seyfarth has donated over **\$70,000** to Girl Up, and our people (and family, friends and pets) have walked or run a combined **2,800** miles during the Global 5K.
